

MAKEOVER MONTGOMERY 4

COMPETITIVE, HEALTHY, INCLUSIVE & SMART COMMUNITIES

THE TRACKS

- **COMPETITIVE COMMUNITIES**

This track will tackle issues related to developing a diverse, educated and sustainable workforce, as well as other strategies for economic development and job growth.
- **HEALTHY COMMUNITIES**

This track will identify ways to create energized and engaging public spaces for healthier communities. Topics could include innovative concepts like park prescriptions and more.
- **INCLUSIVE COMMUNITIES**

This track highlights efforts to inspire and educate community leaders to tackle issues of environmental justice, advance opportunities for affordable housing and uphold tenant rights.
- **SMART COMMUNITIES**

This track will address the planning-related impacts of big data and crowd-sourcing analytics, implementation of data sensors and smart technologies, and increased use of drones.
